Author and Subject Indexes—Volume 25, 1990

Author Index

ABBOTT S*: Promiscuity and public health: some clinical and ethical issues. 9:63
ALLISON NL*: Metabolic acidosis in a diabetic man. 10:132
ANDREOLI TE: Gastroenterology revisited—six years later. (editorial) 1:13
Introduction: aspects of modern pulmonary physiology. (editorial) 9:9
ANTMAN EM, BRAUNWALD E: Acute MI management in the 1990s. 7:65
ASBILL MC, SHEY RB: Progressive back pain and leg weakness. 12:132
BARRY PP, IBARRA M: Multidimensional assessment of the elderly. 4:117
BARZEL US: Estrogen therapy for osteoporosis: is it effective? 7:95
BENDINER E: (see Past and Present)
BENOWITZ NL: Diagnosis and management of pheochromocytoma. 6:163
BERNARD DB: Nephrotic syndrome: a clinical approach. 9:114
BERNS E, NACCARELLI GV: Management of tachyarrhythmias after MI. 4:33
BEUTLER B: Tumor necrosis factors: cachectin and lymphotoxin. 2:45
BIRD M*: Promiscuity and public health: some clinical and ethical issues. 9:63
BISSELL DM*: Hepatic fibrosis: new insights into pathogenesis. 5:43
BLAKE L*: Myocardial infarction versus pulmonary embolism. 11:141
BLAND PS*: Metabolic acidosis in a diabetic man. 10:132
BLUMBERG EA*: Seafood and gut pain: a red herring? 11:23
BRAUNWALD E*: Acute MI management in the 1990s. 7:65
BRINER VA*: Differential diagnosis of hyponatremia. 9A:29
BROUILLETTE RT, WEESE-MAYER DE, HUNT CE: Breathing control disorders in infants and children. 8:82
BRUNNER HR: Renin-angiotensin system in hypertension: an update. 8:71
BUKANTZ SC: Asthma mortality: it needs a WHAM-TF. (editorial) 10:10
Health care: defining the high ground. (editorial) 5:9
BURT RK, FOJO AT, THORGEIRSSON SS: Multidrug resistance due to P-glycoprotein. 4:67
CALLAHAN JC*: Promiscuity and public health: some clinical and ethical issues. 9:63
CAPINO DG, LEIBOWITZ HM: Glaucoma: screening, diagnosis, and therapy. 5A:73
CERRA FB: Multiple organ failure syndrome. 8:169
CHIRGWIN K: Meningitis and an unusual pathogen. 12:47
CLARK RA: Genetic variation in chronic granulomatous disease. 5A:51
COCKCROFT DW: Airway hyperresponsiveness in asthma. 1:111
COHEN LS: Managing patients after myocardial infarction. 3:49
COHN PF: Silent myocardial ischemia—classification and management. 2A:45
COLLINS FS, RIORDAN JR, TSUI L-C: Cystic fibrosis gene: isolation and significance. 10:47
COME SE*: Elevated creatine kinase and malignancy. 12:123
COREY L: AIDS and HIV infection. (editorial) 11:9
CUNNINGHAM D, BLAKE L, TRAVER K, HANCOCK EW: Myocardial infarction versus pulmonary embolism. 11:141
DAVID ML*: Promiscuity and public health: some clinical and ethical issues. 9:63
DAY SC: Cancer screening in the elderly. 9A:13
DETORE AW*: When laboratory tests are abnormal and the patient feels fine. 7:85
DIETSCHY JM: LDL cholesterol: its regulation and manipulation. 6:67
DONN SM: ECMO indications and complications. 6:143
DOUGLAS PS: Gender and heart disease. (editorial) 2A:8
DRACKER RA*: Elderly woman with anemia. 10:43
DUANE WC: Pathogenesis of gallstones: implications for management. 3:65
EICKHOFF TC: Current immunization practices in adults. 10:105
EL-HARASIS A, PANLASIGUI L, LEE M: Collapse and coma. 5:16. *See also* letter 10:16
ENG C, SKOLNICK AE, COME SE: Elevated creatine kinase and malignancy. 12:123
ENGELBERG J*: Promiscuity and public health: some clinical and ethical issues. 9:63
FIATARONE M: Nutrition in the geriatric patient. 9A:38
FISHER DW: And the children. (editorial) 12:10
Dropping the torch and picking up the check. (editorial) 3:10
Human genome—no less! (editorial) 2:13
Our priorities and our standards. (editorial) 6:10
Peer review—the arts and the sciences. (editorial) 8:13
FOJO AT*: Multidrug resistance due to P-glycoprotein. 4:67
FOONG A*: Large gastric folds. 7:111
FRAKES JT: Gallstone pancreatitis: mechanisms and management. 9A:56
FRANK AL*: Promiscuity and public health: some clinical and ethical issues. 9:63
FRANK I, MACGREGOR RR: Decisions in *P. carinii* pneumonia. (editorial) 4A:8
FRANKEL DH: Mohs micrographic surgery for nonmelanoma skin cancer. 2A:15
FREEMAN NJ, KIRDAR JA: Unusual manifestation of a common illness in the elderly. 11:91
FREIS ED: Thiazide diuretics: how real are the concerns? (editorial) 5A:8. *See also* letter 10A:19
FRIEDMAN SL, BISSELL DM: Hepatic fibrosis: new insights into pathogenesis. 5:43
GAMBRELL RD Jr: Estrogen-progestogen replacement and cancer risk. 3:81
GERSHON AA: Immunization practices in children. 9:91
GLATT AE: Acute pleurisy in an intravenous drug abuser. 2:155
Postoperative abdominal pain and diarrhea. 1:46
GUADAGNINI KS*: Spectrum of alcoholic liver disease. 2A:51
GUTIN PH*: Case of the twice-recurrent skull lesion. 9:61
HAGER WD, BIRD M, CALLAHAN JC, FRANK AL, DAVID ML, ENGELBERG J, ABBOTT S: Promiscuity and public health: some clinical and ethical issues. 9:63
HAHN BH: Lupus nephritis: therapeutic decisions. 3A:89
HAMDY RC: Paget's disease of bone. 10A:33
HAMMERSTEN JE, HAMMERSTEN JF: Histoplasmosis: recognition and treatment. 6:95
HAMMERSTEN JF*: Histoplasmosis: recognition and treatment. 6:95
HANCOCK EW: Atrial flutter, fibrillation, or artifact? 2:29
Irregular rhythm in a preoperative patient. 9:133
Irregular tachycardia after cardiac surgery. 1:83
One acute myocardial infarction or two? 8:104
Possible torsade in a patient with AIDS. 7:132
Syncope and bigeminal rhythm. 4:29
Syncope and palpitation: what mechanism? 10:27
Usual or unusual arrhythmia in acute myocardial infarction? 6:81
Ventricular or supraventricular tachycardia? 3:41
Ventricular tachycardia or aberrancy? 5:35
HANCOCK EW*: Extensive Q waves in a schizophrenic woman. 12:35
Myocardial infarction versus pulmonary embolism. 11:141
HATCH FE: Reversing the anemia of renal failure. 2A:25
HEATH JM, DRACKER RA: Elderly woman with anemia. 10:43
HENRY BL, PAZ HL, BLUMBERG EA: Seafood and gut pain: a red herring? 11:23
HILDRETH EA: 'Workup' for a bioethical problem. 1:86
HOLIAN A, SCHEULE RK: Alveolar macrophage biology. 12:53
HOLMES DR Jr: Balloon valvuloplasty for aortic stenosis. 1:69
HOWELL CE*: Disappearing bile ducts: immunologic mechanisms. 7:141
HUGHES WT: Prevention of *P. carinii* pneumonia. 4A:33
HUNT CE*: Breathing control disorders in infants and children. 8:82
IBARRA M*: Multidimensional assessment of the elderly. 4:117
ILSON BE, BLAND PS, ALLISON NL, JORKASKY DK, STOTE RM: Metabolic acidosis in a diabetic man. 10:132
JAHNIGEN DW: Delirium in the elderly hospitalized patient. 8:135
JONES HW III*: Evaluating the sleepy patient. 10A:55
JORKASKY DK*: Metabolic acidosis in a diabetic man. 10:132
JUDSON FN: Partner notification for HIV control. 12:63
KAMANI N*: Eight-year-old with recurrent pulmonary infections. 1:43
KANDEL G: Management of nonvariceal upper GI hemorrhage. 1:167
KANNELL WB: CHD risk factors: a Framingham study update. 7:119
KASSIRER JP, KOPELMAN RI: (*see* Clinical Problem Solving). *See also* letter 8:17
KAZIS LE: Quality of life assessment in clinical practice. (editorial) 3A:6
KHAN TJ, REDDY S, PASCUAL E, FOONG A, WEINER BC: Large gastric folds. 7:111
KHANDHERIA BK: Silent ischemia. 8:37
KHOUZAM N, SKELTON NK: Acute abdomen in a 79-year-old. 3:16

in Depression with and without dementia. Reifler, 4A:48
Pragmatism and probabilities in dementia. McCormick, Larson, 12:93
ANEMIA
Elderly woman with anemia. Heath, Dracker, 10:43
Reversing the anemia of renal failure. Hatch, 2A:25
ANGINA *see also ISCHEMIA AND INFARCTION*
Silent ischemia. Khandheria, 8:37
Silent myocardial ischemia—classification and management. Cohn, 2A:45
ANGIOPLASTY
in Acute MI management in the 1990s. Antman, Braunwald, 7:71
Coronary angioplasty in myocardial infarction. Topol, 4A:73
in Managing patients after myocardial infarction. Cohen, 3:52
ANTIARRHYTHMIC DRUGS
in Acute MI management in the 1990s. Antman, Braunwald, 7:80
Evaluation and intervention in systolic heart failure. (editorial) Wilson, 9A:6
ANTIBIOTICS
Antibacterial therapy: problems and promises (parts I and II). Neu, 5:63, 6:113. *See also* letters 12:21
in Cystic fibrosis gene: isolation and significance. Collins, Riordan, Tsui, 10:55
in Management of gram-negative septic shock. Mostow, 10:129
Postoperative abdominal pain and diarrhea. Glatt, 1:46
APNEA
Breathing control disorders in infants and children. Brouillette, Weese-Mayer, Hunt, 8:82
ARRHYTHMIAS *see also ECG CASEBOOK*
Management of tachyarrhythmias after MI. Berns, Naccarelli, 4:33
Syncope: mechanisms and manifestations. Kienzle, 12:77
Thiazide diuretics: how real are the concerns? (editorial) Freis, 5A:8. *See also* letters 10A:16
ARTERITIS, GIANT CELL
Giant cell arteritis and polymyalgia rheumatica. Spiera, 11:71
ASPIRIN
in Managing patients after myocardial infarction. Cohen, 3:59
ASTHMA
Airway hyperresponsiveness in asthma. Cockcroft, 1:111
Asthma mortality: it needs a WHAM-TF. (editorial) Bukantz, 10:10
in Immunotherapy of IgE-mediated disease. Norman, 4:84
ATHEROSCLEROSIS
in Estrogen-progestogen replacement and cancer risk. Gambrell, 3:83
AUTOIMMUNE DISORDERS
Diagnosis by fiat. Kassirer, Kopelman, 1:31. *See also* letters 8:17
Elderly woman with anemia. Heath, Dracker, 10:43
Lupus nephritis: therapeutic decisions. Hahn, 3A:89
Spectrum of scleroderma. LeRoy, Lomeo, 10A:33 (1989). *See* letter 2A:14 (1990)

B

BALLOON VALVULOPLASTY
Balloon valvuloplasty for aortic stenosis. Holmes, 1:69
Balloon valvuloplasty for mitral stenosis. Powers, 5A:37
BILIARY DISORDERS
Biliary lithotripsy: what role for the future? Petersen, 10A:23
Disappearing bile ducts: immunologic mechanisms. Vierling, Howell, 7:141
Gallstone pancreatitis: mechanisms and management. Frakes, 9A:56
Pathogenesis of cholestasis. Zimniak, Radominska, Lester, 8:107
Pathogenesis of gallstones: implications for management. Duane, 3:65
Secondary peritonitis and intra-abdominal abscess. Murray, 5:101
Unusual manifestation of a common illness in the elderly. Freeman, Kirdar, 11:91
β-BLOCKERS
in Acute MI management in the 1990s. Antman, Braunwald, 7:74
in Glaucoma: screening, diagnosis, and therapy. Capino, Leibowitz, 5A:85
in Managing patients after myocardial infarction. Cohen, 3:57
BONE AND JOINT DISORDERS *see also* OSTEOPOROSIS
in Antibacterial therapy: problems and promises, part II. Neu, 6:185
Breathing control disorders in infants and children. Brouillette, Weese-Mayer, Hunt, 8:82
in Clinical judgment in Lyme disease. Rahn, Malawista, 3A:48
Differential diagnosis of arm pain. Stabile, Warfield, 1:55
in Nephrotic syndrome: a clinical approach. Bernard, 9:122
Paget's disease of bone. Hamdy, 10A:33
BOOKS IN CONTEXT
In sickness and in wealth: American hospitals in the twentieth century. Uhl, 2:145
BRADYKININ
in Renin-angiotensin system in hypertension: an update. Brunner, 8:75
BREAST CANCER
Biologic indicators of prognosis in breast cancer. Robert, 10:93
in Cancer screening in the elderly. Day, 9A:17
BRUCELLOSIS
in Humans and animals: increasing contacts, increasing infections. Sanford, 2:138
BYPASS SURGERY
in Acute MI management in the 1990s. Antman, Braunwald, 7:72

C

CALCIUM
Abdominal pain and two diseases. Smith, 10A:46
in Acute MI management in the 1990s. Antman, Braunwald, 7:82
Nutrition in the geriatric patient. Fiatarone, 9A:38
in Pathogenesis of cholestasis. Zimniak, Radominska, Lester, 8:116
in Tumor necrosis factors: cachectin and lymphotoxin. Beutler, 2:54
CALCIUM CHANNEL BLOCKADE
in Managing patients after myocardial infarction. Cohen, 3:58
CANCER *see* NEOPLASMS
CARBON DIOXIDE
in When laboratory tests are abnormal and the patient feels fine. Shulkin, DeTore, 7:86
CARPAL TUNNEL SYNDROME
Differential diagnosis of arm pain. Stabile, Warfield, 1:55
CATECHOLAMINES
Diagnosis and management of pheochromocytoma. Benowitz, 6:163. *See also* letter 9:16
CATHEPSIN D
in Biologic indicators of prognosis in breast cancer. Robert, 10:97

(continues)

CERVICAL DISK DISEASE
Differential diagnosis of arm pain. Stabile, Warfield, 1:55
CHEMOTHERAPY
Multidrug resistance due to P-glycoprotein. Burt, Fojo, Thorgeirsson, 4:67
CHOLANGITIS, PRIMARY SCLEROSING
in Disappearing bile ducts: immunologic mechanisms. Vierling, Howell, 7:145
CHOLESTEROL *see* LIPIDS AND CHOLESTEROL
CHRONIC GRANULOMATOUS DISEASE
Genetic variation in chronic granulomatous disease. Clark, 5A:51
CLINICAL PROBLEM SOLVING (Kassirer, Kopelman)
Clinical problem solving at grand rounds. 4:51
Cognition and connectionism. 2:15
Diagnosis and decisions by algorithms. 3:23
Diagnosis and the structure of memory: 1. disease polymorphism and mental models. 10:17
Diagnosis and the structure of memory: 2. exemplars, scripts, and simulation. 11:29
Diagnosis by fiat. 1:31. *See also* letters 8:17
Lest we become smug. 7:33
Making a silk purse out of a sow's ear. 12:24
Probability of a probability. 5:23
Problem solving in real time. 9:21. *See also* letters 11:13
Searching for solutions. 6:49
What is a differential diagnosis? 8:19
CLINICAL SKILLS EXCHANGE
Chronic constipation: causes and management. Tremaine, 4A:89
Evaluation of tremor disorders. Koller, 5A:23
Framework of pathognomonic physical findings. Nardone, 2A:72. *See also* letter 4A:16
COMPLEMENT
in C-reactive protein and the acute-phase response. Kushner, 3A:21
CONGENITAL ANOMALIES
in Breathing control disorders in infants and children. Brouillette, Weese-Mayer, Hunt, 8:88
in Disappearing bile ducts: immunologic mechanisms. Vierling, Howell, 7:142
Life-threatening behavior problem in a child with Ondine's curse. Peterson, Kuo, Rahe, 10:143
Rubella-like illness in a pregnant woman. Schiff, 2:61
C-REACTIVE PROTEIN
C-reactive protein and the acute-phase response. Kushner, 3A:13
CREATINE KINASE
Elevated creatine kinase and malignancy. Eng, Skolnick, Come, 12:123
CUSHING'S DISEASE
Case of the perplexed pastor. Chang, Nelson, 12:65 (1989). *See* letter 2A:14 (1990)
CYSTIC FIBROSIS
Cystic fibrosis gene: isolation and significance. Collins, Riordan, Tsui, 10:47
in Disappearing bile ducts: immunologic mechanisms. Vierling, Howell, 7:143
CYTOKINES
Alveolar macrophage biology. Holian, Scheule, 12:53
in Biologic indicators of prognosis in breast cancer. Robert, 10:96
Cytokine networking in lung inflammation. Kunkel, Strieter, 10:63
in Disappearing bile ducts: immunologic mechanisms. Vierling, Howell, 7:148
in Hepatic fibrosis: new insights into pathogenesis. Friedman, Bissell, 5:47
in Management of gram-negative septic shock. Mostow, 10:122
Tumor necrosis factors: cachectin and lymphotoxin. Beutler, 2:45
CYTOMEGALOVIRUS
CMV infection in young women. Yow, 3A:61

D

DELIRIUM
Delirium in the elderly hospitalized patient. Jahnigen, 8:135. *See also* letter 10A:16
Uncommon presentation of a common problem. Smally, 3A:33
DEMENTIA
Depression with and without dementia. Reifler, 4A:47
Pragmatism and probabilities in dementia. McCormick, Larson, 12:93
DEPRESSION
Depression with and without dementia. Reifler, 4A:47
Evaluating the sleepy patient. Varon, Jones, 10A:55
DIABETES
in Chronic constipation: causes and management. Tremaine, 4A:95
Metabolic acidosis in a diabetic man. Ilson, Bland, Allison, Jorkasky, Stote, 10:132
One acute myocardial infarction or two? Hancock, 8:104
Ventricular tachycardia or aberrancy? Hancock, 5:35
DIAGNOSTIC TECHNIQUES *see also CLINICAL PROBLEM SOLVING; CLINICAL SKILLS EXCHANGE*
Cancer screening in the elderly. Day, 9A:13
Decisions in *P. carinii* pneumonia. (editorial) Frank, MacGregor, 4A:8
Evaluation and intervention in systolic heart failure. (editorial) Wilson, 9A:6
in Evaluation of hematochezia. Krevsky, 6:39
in Management of gram-negative septic shock. Mostow, 10:123
in Managing patients after myocardial infarction. Cohen, 3:54
in Nephrotic syndrome: a clinical approach. Bernard, 9:124
Pragmatism and probabilities in dementia. McCormick, Larson, 12:93
in Silent ischemia. Khandheria, 8:40
Syncope: mechanisms and manifestations. Kienzle, 12:77
When laboratory tests are abnormal and the patient feels fine. Shulkin, DeTore, 7:85
DIARRHEA
in Antibacterial therapy: problems and promises, part II. Neu, 6:184
in Intestinal development and regeneration. Potter, 1:133
Postoperative abdominal pain and diarrhea. Glatt, 1:46
DIGOXIN
in Evaluation and intervention in systolic heart failure. (editorial) Wilson, 9A:7
in Systolic heart failure and the cardiomyopathy of overload. Messineo, 9A:83
DIURETICS
Thiazide diuretics: how real are the concerns? (editorial) Freis, 5A:8. *See also* letters 10A:16
DRUG SCREENING
in Substance abuse by adolescents. Slap, 4A:28

E

EAR, NOSE, AND THROAT DISORDERS
Management of postnasal drainage and associated symptoms. Simpson, 3A:80
ECG CASEBOOK
Atrial flutter, fibrillation, or artifact? Hancock, 2:29
Extensive Q waves in a schizophrenic woman. Kinsel, Hancock, 12:35
Irregular rhythm in a preoperative patient. Hancock, 9:133
Irregular tachycardia after cardiac surgery. Hancock, 1:83
Myocardial infarction versus pulmonary embolism. Cunningham, Blake, Traver, Hancock, 11:141
One acute myocardial infarction or two? Hancock, 8:104
Possible torsade in a patient with AIDS. Hancock, 7:132
Syncope and bigeminal rhythm. Hancock, 4:29
Syncope and palpitation: what mechanism? Hancock, 10:27
Usual or unusual arrhythmia in acute myocardial infarction? Hancock, 6:81
Ventricular or supraventricular tachycardia? Hancock, 3:41
Ventricular tachycardia or aberrancy? Hancock, 5:35
ECHOCARDIOGRAPHY
in Balloon valvuloplasty for mitral stenosis. Powers, 5A:41
EDITORIALS
Aerosolization of proteins: the potential for systemic therapy. Bukantz, 10:15 (1989). See letter 1:19 (1990)
AIDS and HIV infection. Corey, 11:9
And the children. Fisher, 12:10
Asthma mortality: it needs a WHAM-TF. Bukantz, 10:10
Decisions in *P. carinii* pneumonia. Frank, MacGregor, 4A:8
Dropping the torch and picking up the check. Fisher, 3:10
Evaluation and intervention in systolic heart failure. Wilson, 9A:6
Gastroenterology revisited—six years later. Andreoli, 1:13
Gender and heart disease. Douglas, 2A:8
Harlem, Bangladesh, and physician responsibility. Konner, 4:13
Health care: defining the high ground. Bukantz, 5:9
Human genome—no less! Fisher, 2:13
Introduction: aspects of modern pulmonary physiology. Andreoli, 9:9
Little Flower. Bukantz, 12:10 (1989). *See* letter 6:13 (1990)
Of understanding and underfunding. Plotkin, 7:9
Our priorities and our standards. Fisher, 6:10. *See also* letter 9:13
Peer review—the arts and the sciences. Fisher, 8:13
Quality of life assessment in clinical practice. Kazis, 3A:6
Thiazide diuretics: how real are the concerns? Freis, 5A:8. *See also* letters 10A:16
What is measurable about the art of medicine? Stollerman, 10A:8

ELECTROCARDIOGRAPHY
in Managing patients after myocardial infarction. Cohen, 3:54
ELECTROLYTES
Differential diagnosis of hyponatremia. Schrier, Briner, 9A:29
in When laboratory tests are abnormal and the patient feels fine. Shulkin, DeTore, 7:86
EMERGENCY CARE
Collapse and coma. El-Harasis, Panlasigui, Lee, 5:16. *See also* letters 10:16
Coronary angioplasty in myocardial infarction. Topol, 4A:73
Management of nonvariceal upper GI hemorrhage. Kandel, 1:167
Ventricular or supraventricular tachycardia? Hancock, 3:41
ENCEPHALOMYELONEURITIS
Progressive back pain and leg weakness. Asbill, Shey, 12:132
ENDOCRINOLOGIC DISORDERS
Abdominal pain and two diseases. Smith, 10A:46
Diagnosis and management of pheochromocytoma. Benowitz, 6:163. *See also* letter 9:16
Differential diagnosis of hyponatremia. Schrier, Briner, 9A:29
Estrogen-progestogen replacement and cancer risk. Gambrell, 3:81
Estrogen therapy for osteoporosis: is it effective? Barzel, 7:95
Male infertility: actual or potential. Oates, 9A:20 (1989). See letter 5A:20 (1990)
Neural and hormonal regulation of function in the gut. Makhlouf, 2:79. *See also* erratum 5:15
Neuropeptide Y: a missing link? Waeber, 11:101
Obese man with tremor and exophthalmos. Waltman, 8:161
Paget's disease of bone. Hamdy, 10A:33
ENDOSCOPY
in Evaluation of hematochezia. Krevsky, 6:39
in Management of nonvariceal upper GI hemorrhage. Kandel, 1:171
ENZYME DEFECTS
Genetic variation in chronic granulomatous disease. Clark, 5A:51
EPIDEMIOLOGY
Partner notification for HIV control. Judson, 12:63
ESSAYS
Begging as metaphor. Weissmann, 5:123
Brekekekex, ko-ax, ko-ax! Morowitz, 9:108
Χάος, Chaos chaos, and chaos. Morowitz, 1:219
Confessions of creeping obsolescence. Weisse, 7:21. *See also* letter 11:13
Daibutsu and Descartes. Morowitz, 7:57
Flights of fancy. Morowitz, 4:19. *See also* letter 6:13
Humans, animals, and physicians' waiting rooms. Morowitz, 11:53 (1989). *See* letters 1:19, 4A:16 (1990)
Justice. Morowitz, 11:67
Oath. Morowitz, 3:125. *See also* letter 6:13
Quadrivial pursuits. Morowitz, 10:30
Scraping the bottom. Morowitz, 5:53
Sidewalks of New York. Morowitz, 2:41
Smoking gun. Morowitz, 12:13
Tatami taxonomy. Morowitz, 8:65
To the Noboka lighthouse. Weissmann, 1:149
What is life? Now is the time to find out. Morowitz, 6:137
ESTROGEN REPLACEMENT THERAPY
Estrogen-progestogen replacement and cancer risk. Gambrell, 3:81
Estrogen therapy for osteoporosis: is it effective? Barzel, 7:95
ETHICS, MEDICAL

in Delirium in the elderly hospitalized patient. Jahnigen, 8:154. *See also* letter 10A:16
Nutrition in the geriatric patient. Fiatarone, 9A:38
Syncope: mechanisms and manifestations. Kienzle, 12:77
MITRAL STENOSIS
Balloon valvuloplasty for mitral stenosis. Powers, 5A:37
MONONEURITIS MULTIPLEX
Extreme weakness and pain in both legs. Weiner, 1:78
MONONUCLEOSIS
CMV infection in young women. Yow, 3A:61
MULTIDIMENSIONAL ASSESSMENT STRATEGY
Multidimensional assessment of the elderly. Barry, Ibarra, 4:117
MULTIPLE ORGAN FAILURE SYNDROME
Multiple organ failure syndrome. Cerra, 8:169
New therapeutic approaches for ARDS. Lanken, 10A:42
MUSCLE DISORDERS
in Giant cell arteritis and polymyalgia rheumatica. Spiera, 11:82
MYOCARDIAL INFARCTION *see also ISCHEMIA AND INFARCTION*
Acute MI management in the 1990s. Antman, Braunwald, 7:65
Coronary angioplasty in myocardial infarction. Topol, 4A:73
Myocardial infarction versus pulmonary embolism. Cunningham, Blake, Traver, Hancock, 11:141
One acute myocardial infarction or two? Hancock, 8:104
Silent myocardial ischemia—classification and management. Cohn, 2A:45
Syncope and bigeminal rhythm. Hancock, 4:29
in Thiazide diuretics: how real are the concerns? (editorial) Freis, 5A:13. *See also* letters 10A:16
Usual or unusual arrhythmia in acute myocardial infarction? Hancock, 6:81

N–O

NARCOLEPSY
Evaluating the sleepy patient. Varon, Jones, 10A:55
NEONATOLOGY
And the children. (editorial) Fisher, 12:10
Breathing control disorders in infants and children. Brouillette, Weese-Mayer, Hunt, 8:82
ECMO indications and complications. Donn, 6:143
Intestinal development and regeneration. Potter, 1:131
NEOPLASMS *see also* CHEMOTHERAPY
Abdominal pain and a pelvic mass. Morris, Muus, Lyman, 4A:80
Abdominal pain and two diseases. Smith, 10A:46
Biologic indicators of prognosis in breast cancer. Robert, 10:93
Cancer screening in the elderly. Day, 9A:13
Case of the twice-recurrent skull lesion. Levin, Gutin, 9:61
in Diagnosis and management of pheochromocytoma. Benowitz, 6:177. *See also* letter 9:16
Elevated creatine kinase and malignancy. Eng, Skolnick, Come, 12:123
in Estrogen-progestogen replacement and cancer risk. Gambrell, 3:85
Evaluation of hematochezia. Krevsky, 6:35
in Male infertility: actual or potential. Oates, 9A:28 (1989). *See* letter 5A:20 (1990)
Management of pain in AIDS. Lewis, Warfield, 10A:51
Mohs micrographic surgery for nonmelanoma skin cancer. Frankel, 2A:15
in Paget's disease of bone. Hamdy, 10A:37
in Pathogenesis of gallstones: implications for management. Duane, 3:66
Probability of a probability. Kassirer, Kopelman, 5:23
in Promiscuity and public health: some clinical and ethical issues. Hager, Bird, Callahan, Frank, David, Engelberg, Abbott, 9:69
Tumor necrosis factors: cachectin and lymphotoxin. Beutler, 2:45
NEPHROTIC SYNDROME
Nephrotic syndrome: a clinical approach. Bernard, 9:114
NEUROLOGIC DISORDERS *see also* ALZHEIMER'S DISEASE
Breathing control disorders in infants and children. Brouillette, Weese-Mayer, Hunt, 8:82
Case of the twice-recurrent skull lesion. Levin, Gutin, 9:61
in Clinical judgment in Lyme disease. Rahn, Malawista, 3A:46
in Delirium in the elderly hospitalized patient. Jahnigen, 8:152. *See also* letter 10A:16
Differential diagnosis of arm pain. Stabile, Warfield, 1:55
Evaluating the sleepy patient. Varon, Jones, 10A:55
Evaluation of tremor disorders. Koller, 5A:23
Extreme weakness and pain in both legs. Weiner, 1:78
in Humans and animals: increasing contacts, increasing infections. Sanford, 2:126
in Imported fire ant: immunopathologic significance. Lockey, 3:116
Lest we become smug. Kassirer, Kopelman, 7:33
Management of pain in AIDS. Lewis, Warfield, 10A:51
Neural and hormonal regulation of function in the gut. Makhlouf, 2:79. *See also* erratum 5:15
Obese man with tremor and exophthalmos. Waltman, 8:161
Paget's disease of bone. Hamdy, 10A:33
Problem solving in real time. Kassirer, Kopelman, 9:21. *See also* letters 11:13
Progressive back pain and leg weakness. Asbill, Shey, 12:132
Rare cause of facial nerve paralysis. McCue, Pepe, 5A:17
Syncope: mechanisms and manifestations. Kienzle, 12:77
Zoster and its complications. Krause, Straus, 10A:61
NEUROPEPTIDE Y
Neuropeptide Y: a missing link? Waeber, 11:101
NOSOCOMIAL INFECTIONS
in Humans and animals: increasing contacts, increasing infections. Sanford, 2:134
Management of gram-negative septic shock. Mostow, 10:121
NSAID-RELATED SYNDROMES
